A new FREE set of Easter themed envelopes

This tutorial is intended for use in Zoner Photo Studio 12 Professional.

If you are a Zoner Photo Studio 12 Home user, you can still try out the functions described here by temporarily switching to a trial of the Professional version. To do so, use the License... item in the Help menu. If you use an earlier version and have not yet used the version 12 trial, you can download and install the [trial version](#) and use it 30 days for free.

Spring is here, Easter is around the corner, and time is running out. Haven't found time to buy your Easter cards yet? Then we have a tip for you.

Use Zoner Photo Studio's Envelopes feature to create a card for your loved ones. Place Envelopes around your photos and you've instantly got your own Easter greetings to use in print or on the screen. All it takes is a few minutes in Zoner Photo Studio. We've prepared nine brand new Easter-themed Envelopes to inspire you and make your work easy. Place them around your photos and you've instantly got your own Easter greetings.

After downloading and installing your nine new Easter envelopes, you can make use of them in the Editor, under "Effects | Envelopes".
